Mr. Stern:

I am pleased to write this letter in support of Golden Rainbow Senior Center. I have seen this fine organization demonstrate an outstanding level of services to the community, services which will be significantly enhanced by future funding opportunities.

Golden Rainbow Senior Center works diligently throughout the Coachella Valley to promote a vibrant and healthy community. This organization reaches out to those in our community most in need of our attention and assistance and provides vital services such as food and mental health services to those at highest risk in our community.

Without question, Golden Rainbow Senior Center provides an invaluable service to our community. My office, as well as many others, recognize the importance of this organization to those it serves and to the entire desert region. Its commitment was most recently acknowledged by the Palm Springs Chamber of Commerce which named it Non-Profit of the Year 2009. Golden Rainbow Senior Center is an excellent community partner which makes a real difference in people's lives and in the neighborhood it serves.

I would be happy to discuss Golden Rainbow Senior Center further. Please feel free to contact my office with any questions.

Sincerely,

MARY BONO MACK
